

## **Directory of Services for the Intersectoral Training on Access to the Justice System for Women with Disabilities and Deaf Women 1999 – Revised in 2001**

### **About this Directory**

In 2001 the Ministry of the Attorney General expanded the Domestic Violence Courts program in Ontario to include 7 new courts. By 2004 there will be 24 such courts operational throughout the province. Education Wife Assault is providing intersectoral training on improving access to the Domestic Violence Courts (DVC's) to women with disabilities and Deaf women who experience violence. As part of a "Tool-Kit" of resources, this directory is intended to provide information on **local services** which can provide supports, referrals or assistance to service providers and/or women with disabilities and Deaf women who may come in contact with the new Domestic Violence Courts in **London, Ontario**.

### **About the agencies and services in this directory**

The services in this directory focus on one or more of the following four key areas:

- violence against women
- disability
- deafness
- legal/criminal justice

Each service or agency has been included in this Directory because they:

- understand the complexity of barriers facing women with disabilities and deaf women in accessing the legal/justice system
- are accessible in some way to women with physical differences or disabilities who may face physical, communication or financial barriers when accessing the justice system.
- provide a welcoming environment for all women
- are committed to improving their service to meet the needs of women with disabilities and deaf, deafened and hard of hearing women
- will provide referrals if they cannot address the particular woman's requirements

This directory is the result of surveys conducted by Education Wife Assault and do not reflect an exhaustive list of the services and accommodations provided by these agencies. This is intended as a guide only and the reader will have to contact individual agencies/services to ensure they can meet the requirements of individual women. We would like to hear from you about services that should be added to this directory.

Please check your local community information centre for more information on individual services.
